

Exhibit A

MASTER SERVICES AGREEMENT TASK ORDER NO. 2011-1

This Task Order is entered into as of July 11, 2011 by and between Novartis Institutes for BioMedical Research, Inc., with an office at 250 Massachusetts Avenue, Cambridge, Massachusetts 02139 ("Novartis"), and EPC group with an office at 5090 Richmond Avenue, Suite 336 Houston, TX 77056 ("Company"), pursuant to the terms of the Master Services Agreement between Novartis and Company dated June 22, 2011.

This Task Order shall take precedence over any contrary or inconsistent terms and conditions appearing or referred to in any purchase order, quotation or other similar related document issued or executed by a party or the parties in connection with the Services.

PART I: PROJECT INFORMATION

A. Project Title

Health check and Performance Assessment for Novartis SharePoint Platform.

B. Description

Company will provide, within the SharePoint Server 2010 Health Check overall initiative, the tools as well as issue resolution Novartis requires to help address the following processes in the SharePoint 2010 environment:

- Deployment Configuration
- Database Configuration
- Development/Customization Best Practices (Code Review)
- Search
- Disaster Recovery
- Operations
- Performance
- Security

The Key Novartis Project objectives for this engagement are-

1. Company will define a best practices scope for performance and SharePoint reliability (e.g. 2 - 3 seconds goal globally)

IN WITNESS WHEREOF, the parties hereto have caused this Task Order 2011-1 to be executed by their respective duly authorized representatives as of the day and year first above written.
